

*Hello,  
We are team KSHITIJ! Excited to explore the future  
of technology together at IIT Kharagpur – your  
support will make this journey unforgettable!*

# Exhibitions 2024

## DRDO

The DRDO's exhibition of India's advanced missile systems—Agni, Prithvi, BrahMos, Nag, SAAW, and MRSAM—was a highlight that deeply resonated with students and enthusiasts alike.

## Indian Navy

At Kshitij 2024, the annual techno-management fest of IIT Kharagpur, an impressive exhibition showcased cutting-edge models and advanced technological innovations, including those from the Indian Navy.

## Unitree GO1

GO1 & moon rover At Kshitij 2024, the Unitree GO1 quadruped robot became an instant center of attraction, drawing in students and professors alike who were captivated by its advanced capabilities.

# Exhibitions 2024

## Daksha Unmanned Systems

At Kshitij 2024, Daksha Unmanned Systems showcased an impressive lineup of their advanced drones, including the DH-AGRIGATOR-E10 PLUS, DH-ALTIGATOR, and DH-Q4, along with a simulator setup

## Inside FPV

InsideFPV showcased an impressive range of cutting-edge drones, demonstrating the versatility and innovation in modern UAV technology.

# Some Glimpses Of Kshitij 24'

**Guest Lecture**

**Tech-Summit**

**EDM Night**

**Laws of Motion**

**Robowars**

**Megashow**

# Collaboration with Kshitij, IIT Kharagpur

*Global Recognition and  
Reputation Enhancement*

*Media Coverage &  
Networking Opportunities*

*Impact on India's  
Technological Landscape*

*Inspiration and Motivation for  
Students*

# *Future Technological Collaborations with IIT KHARAGPUR*

## **Strategic Partnership for Innovation**

*By integrating the advanced capabilities into research endeavors, the institute gains a unique advantage in pioneering breakthroughs in eVTOL.*

## **Fostering Industry Connections**

Opens doors to collaborative projects, internships, and employment opportunities for students, strengthening the institute's ties with the broader tech industry.

## **Acceleration of Research Initiatives**

The institute can leverage Jaunt Air Mobility's expertise to push the boundaries of Urban Mobility in various domains, from healthcare to industry.
